

TIC-TAC-BOO!

A spookily fun game for children of all ages

INSTRUCTION SHEET

Assembly Directions

1. Print out the "Gameboard and Pieces" image.
2. Carefully cut out the game pieces and remove the extra space away from the gameboard.

Game Rules

The two players choose which piece they want to use, either the Jack-O-Lanterns or the Skulls. Starting with the player who has the spookiest Halloween costume, the players take turn laying a game piece onto a square of the gameboard. The first player to line up 3 game pieces is the winner. Lineups can be vertical, horizontal, or diagonal. If all the squares are filled up on the gameboard without either player having lined up 3 pieces in a row, it's a draw!

Suggestions for Even More Fun!

- With an adult's permission, bet with your Halloween candy!
- Make a Tic-Tac-Boo! Tournament. Play against all the members of your household, and whoever is the winner at the end gets a great prize!
- If the game ends in a draw, give some of your Halloween candy to someone not playing!
